**RESPONSE TO REQUIREMENT
FOR STATEMENT UNDER § 152 OF
THE ATOMIC ENERGY ACT**

This paper is being filed in response to the Requirement For Statement dated September 28, 1994. The required Property Rights Statements have already been filed. Copies of these Statements and of the Response filed on August 19, 1994 are enclosed. Also enclosed is a copy of Applicants' postcard showing receipt of these documents on August 23, 1994 by the U.S. Patent Office and on August 25, 1994 by Licensing and Review. Accordingly, the Requirement For Statement has been satisfied.

Respectfully submitted,

Wannell Crook

PROPERTY RIGHTS STATEMENT

I, Kirk W. Reichard, a citizen of United States Of America, residing at 1416 West Farwell, Chicago, Illinois 60626, declare:

1. That I and Robert M. Lorence made and conceived the invention described and claimed in patent application Serial Number 08/260, 536 filed in the United States of America on June 16, 1994 titled Methods Of Treating And Detecting Cancer Using Viruses.

(Check and complete either 2 or 3 below)

☒ 2. (For Inventors Employed by an Organization)
That I made and conceived this invention while employed by University Of Illinois and Cook County Hospital. That the invention was made during working hours and with the use of facilities, equipment, materials, funds, information and services of Cook County Hospital. Other relevant facts are: The University Of Illinois does not claim any rights to this invention. That to the best of my knowledge and belief based upon information provided by _____ of _____:

--OR--

☐ 3. (For Self-Employed Inventors)
That I made and conceived this invention on my own time using only my own facilities, equipment, materials, funds, information and services. Other facts are _____

(Check 4 or 5 below as appropriate)

That to the best of my knowledge and belief:

- ☒ 4. The invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors: Energy Research and Development Administration or the Department of Energy.

--AND/OR--

- ☒ 5. The invention was not made (conceived or first actually reduced to practice) under nor is there any relationship of the invention to the performance of any work under any contract of the National Aeronautics and Space Administration.

6. The undersigned inventor declares further that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
